A provocative collection that explores how intentional ignorance seeps into formal education. Honorable mention for the Prose Education Theory Award of the Association of American Publishers. Ignorance or the study of ignorance is having a moment. Ignorance plays a powerful role in shaping public opinion, channeling our politics and even directing scholarly research. The first collection of essays to grapple with the historical interplay between education and ignorance. Miseducation finds ignorance and its social production through naivety, passivity, and active agency at the center of many pivotal historical developments. Ignorance allowed Americans to maintain the institution of slavery, Nazis to promote ideas of race that fomented genocide in the 1930s, and tobacco companies to downplay the dangers of cigarettes. Today, ignorance enables some to deny the fossil record and others to ignore climate science. *A J Angulo* brings together seventeen experts from across the scholarly spectrum to explore how intentional ignorance seeps into formal education. Each chapter identifies education as a critical site for advancing our still limited understanding of what exactly ignorance is, where it comes from, and how it is diffused, maintained, and regulated in society. Miseducation also challenges the notion that schools are ideally unimpeachable sites of knowledge production, access, and equity by investigating how laws, myths, national aspirations, and global relations have recast and at times distorted the key purposes of education. This pathbreaking book sheds light on the role of ignorance in shaping ideas, public opinion, and policy.

In many societies' histories of exclusion, racism, and nationalist violence often create divisions so deep that finding a way to deal with the atrocities of the past seems nearly impossible. These societies face difficult practical questions about how to devise new state and civil society institutions that will respond to massive or systematic violations of human rights, recognize victims, and prevent the recurrence of abuse. Identities in transition challenges for transitional justice in divided societies brings together a rich

group of international researchers and practitioners who for the first time examine transitional justice through an identity lens they tackle ways that transitional justice can act as a means of political learning across communities foster citizenship trust and recognition and break down harmful myths and stereotypes as steps toward meeting the difficult challenges for transitional justice in divided societies

islamophobia and anti semitism based on often interchangeable historic stereotypes fan the flames of fear and hatred against the other thus jews and muslims serve as convenient scapegoats for many of society's ills and leaders misguided agendas in the post 9 11 world the iraq war the breakdown of homogeneous societies in europe the rise of fundamentalism and the lack of a resolution to the israeli palestinian conflict have only served to exacerbate islamophobia and anti semitism anti semitism and islamophobia are breeding hatred and creating more difficulties in the face of any serious effort to solve the israeli palestinian conflict they are threatening to transform it from a political into a religious conflict and thereby cloud the judgment of anyone attempting to resolve it both in the region and in the broader international arena in this context a group of israeli and palestinian scholars and journalists joined together to start the palestine israel journal of politics economics and culture their goal is to clarify the positions of both sides and work toward a solution islamophobia and anti semitism furthers the debate on these topics in its full complexity marked at once by sharp differences and considerable common ground

this is a dual narrative of israeli and palestinian history where readers can track each against the other noting both where they differ as well as where they correspond this format reveals surprising juxtapositions and allows readers to consider and process the very different viewpoints and logic of each side of the israeli palestinian conflict
